nothing if you have no rights. Let racist ignorance be ended for re -

In - ternation - al unites the human race. (U2) Let . . .

Let no-one build walls to divide us
Walls of hatred, nor walls of stone
Oh greet the dawn and come and join us
We'll live together or we'll die alone.
In our world, poisoned by exploitation
Those who have taken, now they must give
And end the vanity of nations
We've but one earth on which to live. (Chorus)

And so begins the final drama
In the streets and in the fields
We'll resist, united 'gainst their armour
We defy their guns and shields.
When we fight, provoked by their aggression
Let us be inspired by life and love
For though they offer us concessions
Change will not come from above. (Chorus)
